

AFRICAN AI NETWORK (AAN) REGISTRATION AND SELECTION POLICY

Governing Law: Federal Republic of Nigeria

INTRODUCTION AND MISSION

The African AI Network (AAN) aims to accelerate the development of artificial intelligence talent across the African continent. This Registration and Selection Policy (the "Policy") establishes the framework for how AAN identifies, assesses, and admits learners into its ecosystem. By submitting an application to AAN, the applicant acknowledges they have read, understood, and agreed to be bound by the terms contained herein.

ELIGIBILITY AND ADMISSIONS CRITERIA

1. General Eligibility

To be eligible for registration, applicants must:

- Be at least 13 years of age (or the age of majority in their country of residence).
- Be a citizen or legal resident of an African nation, or demonstrate a significant commitment to the African technology ecosystem.
- Possess the minimum educational background specified for their chosen track.

2.2. Technical Prerequisites

AAN programs are rigorous. Applicants must demonstrate:

- Proficiency in the English language (written and spoken).
- Access to a laptop or computer meeting the minimum hardware specifications (see Section 6.2).
- Stable internet connectivity for synchronous and asynchronous learning modules.

THE SELECTION PROCESS

3.1. Application Submission

Applicants must provide accurate, current, and complete information. Any discovery of false documentation or misrepresentation will result in immediate disqualification and a permanent ban from the AAN ecosystem.

3.2. Assessment Stages

The AAN selection process typically involves three phases:

1. **Cognitive and Aptitude Assessment:** Measuring logic, problem-solving, and quantitative reasoning.
2. **Technical Evaluation:** Assessing foundational knowledge in programming, statistics, or domain-specific logic.
3. **Interview/Video Submission:** Evaluating the applicant's motivation, commitment, and alignment with AAN's vision.

3.3. Final Selection

Selection is competitive and based on a holistic review of the applicant's performance. AAN reserves the right to refuse admission to any applicant at its sole discretion without providing detailed feedback on individual performance.

REGISTRATION CONDUCT AND ETHICS

4.1. Zero Tolerance Policy

AAN maintains a safe environment. Harassment, bullying, or discrimination against staff or other applicants based on race, gender, religion, disability, or orientation is strictly prohibited.

4.2. Misconduct and Plagiarism

Applicants must complete all assessments independently. The use of unauthorized AI tools to "cheat" assessments (unless explicitly allowed in the assessment brief) or the sharing of assessment questions with others constitutes a breach of ethics.

4.3. Disciplinary Action

In the event of suspected misconduct:

1. **Investigation:** The AAN Admissions Committee will conduct a review.
2. **Notification:** The applicant will be informed of the suspicion and given 48 hours to respond.
3. **Outcome:** Penalties range from a score of zero to permanent exclusion. Criminal acts will be referred to the relevant authorities in Nigeria.

FINANCIAL TERMS AND ENROLLMENT

5.1. Fee Structure And Payments

- **Application Fees:** If applicable, application fees are non-refundable.
- **Program Fees:** Payments must be made according to the schedule provided at the time of the offer.
- **Currency:** All fees are quoted in USD or the equivalent in Nigerian Naira (NGN) based on the official exchange rate on the day of transaction.

5.2. Consequences Of Non-Payment

Failure to meet payment deadlines will result in:

1. Immediate suspension of access to the eHub and learning materials.
2. Withholding of certificates and academic transcripts.
3. Removal from the "Pathway" placement program with partner employers.

5.3. Refund Policy (7-Day Cooling-Off)

Learners are entitled to a full refund of program fees if requested in writing within 7 calendar days of their initial payment, provided the program has not yet commenced. After this period, no refunds will be issued.

PROGRAM DELIVERY AND LEARNER OBLIGATIONS

6.1. Language Of Instruction

All curriculum, communication, and assessments are conducted in English.

6.2. Technical Requirements

Learners must maintain a computer with at least 8GB RAM (16GB recommended for AI tracks), a working webcam, and a microphone. AAN is not responsible for any inability to complete the program due to hardware failure or poor internet connectivity.

6.3. The Pathway Program

Successful completion of AAN programs grants access to the "AAN Pathway." This provides referrals to partner universities and global employers. However, AAN does not guarantee employment or university admission; it provides the credentials and network to facilitate these outcomes.

DATA PROTECTION AND PRIVACY

AAN complies with the **Nigeria Data Protection Act (NDPA)**.

- **Data Collection:** We collect personal data for the purpose of selection, enrollment, and program administration.
- **Third Parties:** We may share data with authorized partners (cloud providers, employers) only when necessary for the learner's progress or career placement.
- **Consent:** By registering, the applicant consents to the storage and processing of their data within and outside of Nigeria for the duration of the program and for alumnae tracking.

CANCELLATION AND MODIFICATION

AAN reserves the right to:

1. Cancel or reschedule a cohort due to insufficient enrollment or Force Majeure.
2. Modify the curriculum to ensure it remains current with AI industry advancements.
3. Change the fee structure for future cohorts (existing learners are protected by their original agreement).

GOVERNING LAW AND DISPUTE RESOLUTION

9.1. Jurisdiction

This Policy and the relationship between the applicant/learner and AAN shall be governed by the **Laws of the Federal Republic of Nigeria**.

9.2. Arbitration

Any dispute, controversy, or claim arising out of this Policy shall be settled through amicable negotiation. If negotiation fails, the dispute shall be referred to and finally resolved by arbitration in Lagos, Nigeria, under the rules of the Lagos Court of Arbitration.

APPEALS PROCESS

Applicants who believe they were unfairly disqualified due to a procedural error (not a merit-based decision) may file an appeal to support@Africanainetwork.com within 7 days of the notification. The decision of the Appeals Board is final and binding.
